

**Depression and Bipolar Support
Alliance National Capital Area Chapter
Guest Speaker: Thursday, June 5, 7:30 PM**

Frederick M. Jacobsen, M.D., M.P.H.

Clinical Professor of Psychiatry

George Washington University Medical Center

Will Present: **An Update on Psychopharmacology
For Affective Disorders**

Dr. Jacobsen is a clinician and former research scientist at the National Institute of Mental Health. His informative talks and engaging style draw an audience of regulars to his annual presentation on research for mood disorders. He has been our Medical Advisor since 1987, having been named Medical Advisor of the Year by the National DBSA. He was selected one of the seventy-five best psychiatrists in America by NAMI.

George Washington University Hospital Auditorium

900 Twenty-Third Street NW
